

METAL STRIP CLEANING AND WIPING

WIPING PLASTIC SLATS

NBR SLATS 60SH

- Material: NBR rubber
- Oil resistant
- Dimension: 14.4 mm x 21 mm
- Shore value: 60
- Temperature: up to 60°C
- Order Number: NBR 60-144-210
- Package: 40 m or defined lengths of slats according to strip width

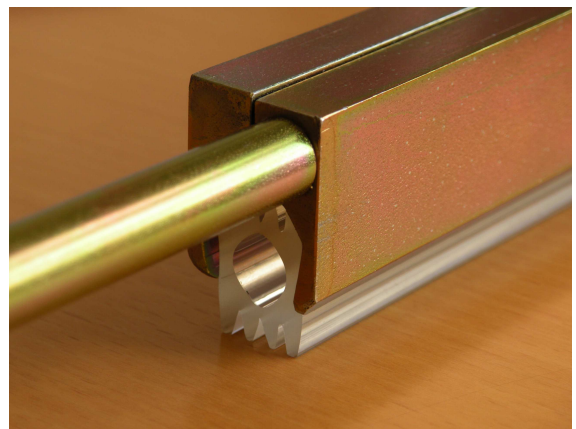

SBR SLATS 60SH

- Material: SBR rubber
- Abrasion resistant
- Dimension: 14.4 mm x 21 mm
- Shore value: 60
- Temperature: up to 120°C
- Order Number: SBR 60-144-210
- Package: defined lengths of slats according to strip width

PUR SLATS 80SH

- Material: POLYURETHANE
- Abrasion and oil resistant
- Dimension: 14.4 mm x 21 mm
- Shore value: 80
- Temperature: up to 140°C
- Order Number: PUR 80-144-210
- Package: defined lengths of slats according to strip width

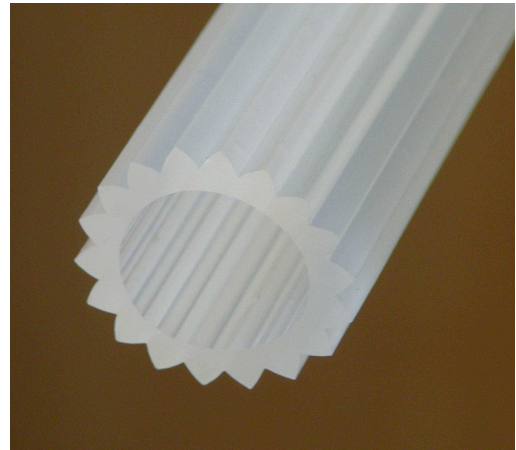

Demonstrating image shows the slat in the holder

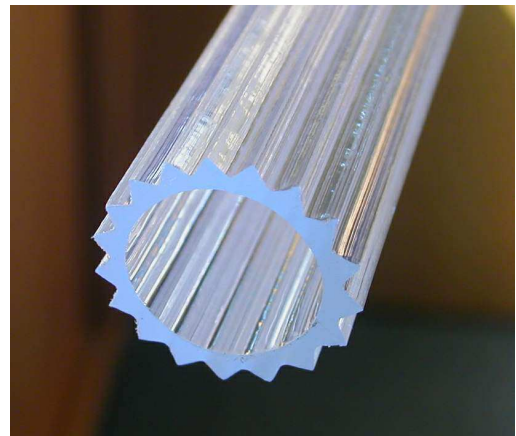

PUR SLATS 80SH

- Material: POLYURETHANE
- Dimensions: inner Ø 12,5 outer Ø 18.6 mm
- Shore value: 80
- Temperature: up to 140°C
- Order Numer: PUR 80-90-120-186
- Package:
defined lengths of slats according to strip width

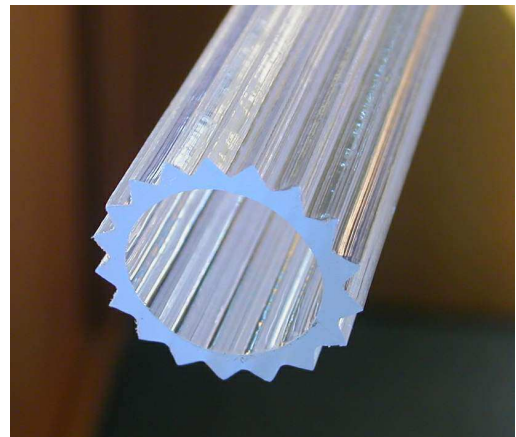

PUR SLATS 90SH

- Material: POLYURETHANE
- Dimensions: inner Ø 12.6, outer Ø 18.6 mm
- Shore value: 90
- Temperature: up to 150°C
- Order Numer: PUR 90-90-126-186
- Package:
defined lengths of slats according to strip width

PUR SLATS 95SH

- Material: POLYURETHANE
- Dimensions: inner Ø 13.6, outer Ø 18.6 mm
- Shore value: 95
- Temperature: up to 160°C
- Order Numer: PUR 95-90-136-186
- Package:
defined lengths of slats according to strip width

PVC SLATS 76SH

- Structure: POLYVINYL CHLORIDE
- Dimensions: inner Ø 12, outer Ø 18.5 mm
- Shore value: 76
- Temperature up to 100°C
- Order Numer: PVC 76-60-120-185
- Package: 50 m or
defined lengths of slats according to strip width
